ANNUAL REPORTS

for the Town of

DERRY

New Hampshire

for the fiscal year ending

DECEMBER 31, 1971

SELECTMENS REPORT

Nineteen-hundred-seventy-one has been an outstanding year for the Town of Derry.

The highlight was the homecoming of its First Citizen, Rear Admiral Alan B. Shepard, Jr., Derry's Own and the Nation's First Astronaut. The Town really turned out to celebrate his trip to the Moon, and the proceeds of the festivities were used to support the Coronary Care Unit at the Alexander-Eastman Hospital.

The Town's continued growth was marked with the greatest number of Building Permits ever issued.

The Industrial Park came to life with the completion of the building for Moduline Industries, Inc. and construction was begun for the new plant for Continental Can. Across the way, Treasure Masters, Inc. started its new home on Linlew Drive.

Keeping pace with the population growth three large apartment complexes were under construction and the addition to Hood Memorial Junior High School was completed.

Aerators for the Sewer Lagoons were voted at last year's Town Meeting. This work was completed and the system is taking care of current needs.

The Comprehensive Sewer Study was begun and the final report will provide the information to plan for future expansion.

Plans for the Proposed Route 102 By-Pass were dropped when the corridor hearing showed a lack of unanimity by the citizens and the By-Pass appears to be shelved for ten years or more.

The Highway Safety Agency provided the Town with \$6,750.00 to assist in purchasing the new ambulance.

The appropriation of \$5,000.00 of matching funds have been combined with a grant from the Governor's Commission on Crime and Delinquency to provide a Juvenile Officer in the Police Department. A Patrolman has also been added to the force with funds provided under the Federal Emergency Employment Act. A survey of the Police Department was also made by the N.H. Association of Chiefs of Police. A policy has been established to utilize the State Department of Personnel in the ad-

ministration of examination and selection of candidates for positions in the Department.

Renovations of the Town offices in the Adams Memorial Building has been continuing. The facilities of the Police Department have been improved and funds are being asked to continue this work. The Town Quarters are still crowded, but are decidedly more comfortable.

The District Court has employed a new clerk with office space in the Judge's Chambers and renovations are planned also for this area.

The Conservation Commission has been appointed and vacancies on the Planning and Zoning Boards have been filled. Town government activities have increased to the point that meetings are being held almost nightly.

The Highway Department spent a very busy summer reconstructing the Fordway Bridge and a lengthy portion of Tsienneto Road.

The Water and Sewer Departments have been working hard to keep up with the growth and maintenance problems and the West Derry Standpipe was reconditioned and repainted.

All in all, it has been a strenuous but productive year and in order to keep abreast of the needs of the Town, we are requesting funds for the following:

\$65,000.00 for a complete revaluation of all taxable property.

\$50,000.00 for a Comprehensive Water Study to anticipate the future needs of the Town.

\$50,000.00 to be placed in a Capital Reserve Fund for future building needs of Municipal Departments and Offices.

Respectfully submitted,

Board of Selectmen
Harold E. DiPietro, Chairman
William A. Boyce
Frederick A. Tompkins

GENERAL COMMENTS & RECOMMENDATIONS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$25,756.97 in 1970, from \$161,673.44 to \$187,430.41 as shown herewith:

	Dec. 31, 1969	Dec. 31, 1970
Total Assets	1,511,932.73	1,297,435.56
Current Liabilities	1,350,259.29	1,110,005.15
Current Surplus	161,673.44	187,430.41

The factors which caused this increase were as follows:

Increases in Current Surplus:

Net Budget Surplus (Exhibit A-4)	126,980.07
Tax Coll. Excess Credits	6.53
	126,986.60

Decreases in Current Surplus:

Surplus Used to Reduce Tax Rate	100,000.00
Tax Liens Trans. to Tax Deeds	1,229.63
	101,229.63
Net Increase in Surplus	25,756.97

Trustees of Trust Funds:

Our examination of the accounts of the Trustees of Trust Funds for the year 1970 disclosed no improvement in the accounting and management practices attending the administration of trust fund affairs. The recommendations contained in our 1969 audit report concerning these matters were not implemented in 1970.

Our comments relative to trust funds, therefore, are similar to those made last year and consist of the following:

(1) Receipts:

The handling of receipts was very lax. Cash and checks were held for extended periods of time and deposited infrequently. As indicated in Exhibit J-3, 1970 receipts totalling \$7,954.11 were deposited during a period extending over four months after the close of the fiscal year. Included in these receipts were checks received during the last five months of the year.

In addition, cash receipts records were incomplete and inaccurate; a substantial amount of income received during the year had not been distributed to individual trust funds. Other 1970 income was improperly distributed to a number of accounts, because distribution was made without regard to the contributory interests of certain common trust funds. This practice is contrary to the statutes applicable to trust funds.

Included in receipts during the year were excess interest payments of \$271.25 received on U.S. Treasury Notes. This situation had not been detected by the Trustees. These funds are due the U. S. Government.

(2) Securities:

Stock certificates covering ninety (90) shares of Central Maine Power — 3.50% preferred stock, which were purchased in 1967 at a cost of \$5,460.00, could not be located when the auditors examined and listed the securities in the custody of the Trustees.

An investigation of this matter by our auditors revealed that these securities had not been delivered by the brokers of record. The trustees were advised of this fact. Confirmation of this particular transaction was obtained from the brokers on April 20, 1971. Delivery of the stock certificates for the original purchase price has been guaranteed by the brokerage firm involved.

Securities consisting of sixteen (16) certificates for seven hundred forty four (744) shares of stock and a number of fractional shares, plus three (3) U.S. Treasury Notes (with a total face value of \$3,000.00), were found scattered among the various records, documents and books submitted to the auditors during the course of the examination. These certificates bore dates ranging from January 22, 1965 to November 12, 1970. Obviously, these securities should have been placed in the Trustees safe deposit box for safekeeping immediately upon receipt.

(3) Income on Investments Not Received:

In connection with the Central Maine Power stocks discussed previously, the auditors found that dividends of \$551.25, due and payable on these securities for 1969 and 1970, had not been received

by the Trustees. This matter was brought to the attention of the brokers and payment was received by the Trustees during the course of this audit.

The preceding comments represent a few examples of the poor accounting and business practices relating to Trust Funds which need correction. Due to the condition of the records, an exhaustive review of the accounts of the Trustees of Trust Funds was required in order to establish the precise financial condition of these funds at December 31, 1970. This review by our staff resulted in a substantial expense to the Town and could have been avoided by the maintenance of adequate and complete records and the use of prudent business practices and procedures.

During the course of this examination, the current Trustees were advised of our findings concerning the management and accounting of trust funds in their custody. We have been assured by them that the necessary fiscal and accounting controls required for compliance with legal requirements and accounting principles applicable to trust funds will be established immediately.

Conclusion:

The provisions of R.S.A. 71:27-a (Chapter 184 of the Laws of 1955) require that the summary of findings and recommendations of the auditors (letter of transmittal) shall be published in the next annual report of the Town. The audit report may be published at the discretion of the Board of Selectmen, but this letter of transmittal must be published in its entirety.

We extend our appreciation to all the town officials and the members of their staff for the cooperation and courtesies extended during the course of the audit.

Very truly yours,

Frederick E. Laplante,
Director
Division of Municipal
Accounting
State Tax Commission

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Derry for the fiscal year ended December 31, 1970.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the Town of Derry as of December 31, 1970, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Frederick E. Laplante, Director
Division of Municipal Accounting
State Tax Commission

I will take up Article 2 at this time which reads as follows:

(Line items read by the Moderator with certain line items being questioned for the purpose of discussion after completion of reading line items.)

MR. KIMBALL. Mr. Moderator, On Selectmens' Salaries, the Selectmen haven't received a raise for many, many years. I think each of the Selectmen should be given \$1,500.00 and I so move, per year, increasing the Budget by \$1,500.00.

THE MODERATOR. You have heard the motion. Do I hear a second to increase the Selectmens' salary? What is it, \$1,000.00 presently which would change to \$1,500.00. Do I hear a second?

(After discussion the following ensued.)

MRS. JACOBSON. I would like to make a motion that the MacGregor Park, this item be cut to \$1,200.00; Alexander Carr be cut to \$10,000.00, the Recreation Department in general be cut to \$30,000.00.

THE MODERATOR. In other words, we move to accept the receipts in the sum of \$1,654,567.63 as amended on the \$2,000.00.

RICHARD MacGREGOR. I will second that.

THE MODERATOR. You don't need an amendment. We have got a ballot. It is going to be prepared and it is going to be voted on by written ballot. We were aware of the fact that the Statute so required and anticipated it. All right. You may discuss it.

(After discussion the following ensued:)

THE MODERATOR. All right. The question has been moved. I think we have had plenty of discussion on the matter. We are going to have to vote on it by ballot. I want to admonish you, the only voters who are eligible to vote are on the checklist. At this point here we have got the booths set up so you can vote in private.

(Balloting takes place on Article 15)

THE MODERATOR. All right. We are going to continue with the Articles in the Town Warrant that we have not taken up.

MR. MacGREGOR. Mr. Moderator, I move we take up Article 24 at this time.

MR. ADAMS. Seconded.

THE MODERATOR. All right. You have heard the motion made at this time that we take up Article 24. Any discussion?

THE MODERATOR. All right. The question has been moved we take up Article 24 at this time. All those in favor say "Aye." Those opposed "No." The "Nos" have it, it is a vote and I so declare.

We have now taken care of Articles 1 and 2 in rotation and others thereafter, but the next article is Article 3:

ARTICLE 3: To see if the Town will vote to authorize the Selectmen to sell at public auction and convey any real estate acquired through deeds from the Collector of Taxes or as reimbursement for assistance furnished to citizens, providing that in the case of tax deeded real estate the previous owner, or his or her heirs, if known, or its successors or assigns in the case of a corporation, shall have first opportunity to purchase the same, and pass any vote relating thereto.

What is your pleasure under this article?

MR. KIMBALL. So moved.

THE MODERATOR. The motion has been made that we adopt it as read.

MR. BOYCE. Seconded.

THE MODERATOR. And the question has been moved. You know what the question is. All those in favor say "Aye." Those opposed "No." The "Ayes" have it and it is a vote and I so declare and Article 3 is Adopted.

ARTICLE 4: To see if the Town will vote to authorize the Selectmen to incur debts for temporary loans in anticipation of taxes of the municipal year in which such debts are incurred and made payable therefrom, by such vote, and pass any vote relating thereto.

What is your pleasure on this article?

JUDGE GRINNELL. I move its adoption.

MRS. ADAMS. Seconded.

MR. BOYCE. The question.

THE MODERATOR. The question has been moved. All those in favor say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

All right. We have the results of your balloting on Article 15. The count shows that "Yes" were 44 and "Nos" 129. The Article is defeated.

(After further discussion the following ensued:)

THE MODERATOR. We now move on to the next Article, Article 6, that we had not taken up to this point and Article 6 reads as follows:

ARTICLE 6: To see if the Town will vote to appropriate from meter receipts the sum of \$1,660.00 to be expended for repairs and maintenance of parking meters and to transfer any balance of parking meter receipts to the Trustees of Trust Funds to be added to the Parking Lot Fund, and pass any vote relating thereto.

What is your pleasure on Article 6?

MR. ARLAND. Move it be accepted as read, Mr. Moderator.

MRS. JACOBSON. Seconded.

(After discussion the following ensued:)

MR. KIMBALL. Mr. Moderator, I move that we amend this article to transfer \$6,000.00 from meter receipts to the funds to police the meters.

THE MODERATOR. Six thousand dollars?

MR. KIMBALL. Right.

MR. BLUNT. Second the motion.

(After further discussion the following ensued:)

THE MODERATOR. Why don't you make the amendment, whatever the amendment is, right, make it over again so we can understand it.

MR. KIMBALL. There is an article, there is a section here tells how much is coming from the meters. I think on Article 6 I would amend the article to read: Transfer \$1,660.00 to repair the meters and the balance of the receipts should be transferred for the police department to supervise the meters, the balance of the receipts for the past year, which is about \$5,500.00 according to the book.

THE MODERATOR. Now, do I hear a second on that motion?

MR. BLUNT. Seconded.

(After further discussion the following ensued:)

THE MODERATOR. All right. The question has been moved. I hope you understand it. All those in favor say "Aye." Those opposed "No." Well, let's vote over again. I can't make up my mind. All those in favor say "Aye." All those opposed "No." The "Nos" have it. The amendment is lost. Now we are back to the Article.

MR. BOYCE. Move the question.

MR. GAY. Seconded.

THE MODERATOR. We are on the Article as printed. All those in favor say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

ARTICLE 7: To see if the Town will vote to adopt the provisions of Revised Statutes Annotated, Chapter 80, Section 52-a, providing for the prepayment of taxes, and authorize the Collector of Taxes to accept payments in pre-payment of taxes, and to further allow the Collector of Taxes to discount taxes according to the following schedule or such other schedule as the meeting may determine, fix the rate of such discount, and pass any vote relating thereto. The Selectmen recommend the following schedule and discount: 2% discount on installments of not less than \$100.00 prior to July 1, 1971, 1½% discount on installment payments of \$10.00 or more until tax rate is determined and announced by Selectmen, and a 1% discount from the time that the tax bills are issued until 30 days after date of invoice.

What is your pleasure under this Article?

MR. GAY. Move that it be adopted.

MR. KIMBALL. Second the motion.

THE MODERATOR. Any discussion?

MR. GAY. Move the question.

THE MODERATOR. The question has been moved. All those in favor say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

We now go to 16, which reads as follows:

ARTICLE 16: By petition: To see if the Town will vote to raise and appropriate a sum of \$2,750.00 for the Derry Head Start School, to enable said school to enroll five (5) additional children beyond its present budgeted capacity of 30 for the school year beginning September, 1971.

Now, this article has been disapproved by the Budget Committee and I feel that no matter how we vote it is not going to make any difference.

MR. KIMBALL. I move the Article be tabled.

MR. GAY. Seconded.

THE MODERATOR. Any discussion?

MR. MacGREGOR. The question.

THE MODERATOR. The question has been moved. All those in favor of tabling Article 16 will say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

ARTICLE 17: By petition: To see if the Town of Derry will vote to accept Dolores Avenue, Doris Street, Paul Avenue in their present location, as they exist and as shown on a Revised Plan of Edgewood Estate, dated August, 1970, made by Edward N. Herbert, Surveyor, and recorded as the Rockingham County Registry of Deeds.

What is your pleasure?

MRS. CASTEN. Move the Article be tabled.

MR. BLUNT. Seconded.

(After discussion the following ensued:)

MRS. CASTEN. I withdraw my second.

MR. KIMBALL. I move the Article 17 be adopted as read.

MRS. CASTEN. Seconded.

THE MODERATOR. Any discussion? All those in favor will say "Aye." Those opposed "No." The "Ayes" have it, and it is a vote and I so declare.

ARTICLE 18: By petition: To see if the Town will vote to accept the gift of the Central Fire House land and buildings, from the Derry Fire District when their new building is constructed. Said land and buildings at 32 West Broadway, will be used only for recreation purposes, and pass any vote relating thereto.

What is your pleasure under this Article?

MR. GAY. Mr. Moderator, I move that Article 18 be indefinitely postponed.

MR. HOBBSCH. Seconded.

(After discussion the following ensued:)

THE MODERATOR. The question has been moved. Do you understand the question? That this article as printed be tabled. All those in favor say "Aye." Those opposed "No." The "Ayes" have it. It is a vote, and I so declare.

All right. The next article is Article 19:

ARTICLE 19: By petition: We the undersigned residents of Hickory Avenue, Juniper Road, Pine Street and Cole Road, Woodland Park so called, do hereby petition our Selectmen to repair and resurface the above said roads up to the town requirements, including adequate surface drainage. Estimated cost being \$49,700.00.

This has been disapproved by the Budget Committee.

MR. KIMBALL. I move a motion that Article 19 be tabled.

MR. BLUNT. Seconded.

THE MODERATOR. Any discussion? The question has been

moved. All those in favor of the motion to table say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare, and Article 19 is tabled.

ARTICLE 20: By petition: To see if the Town of Derry, New Hampshire will vote to transfer for one dollar, or such other consideration as the Town of Derry deems proper to the First Parish Congregational Church in Derry, New Hampshire, Incorporated, a church duly incorporated under the laws of the State of New Hampshire and located at the corner of Hampstead Road and Cemetery Road in Derry, New Hampshire, its successors and assigns, a certain parcel of land with the buildings thereon bounded and described as shown on Plan of Land in Derry, N.H. drawn for First Parish Congregational Church, January 1971, by Edward N. Herbert, Surveyor, showing 2.85 acres of land and being the land upon which the present church sits at East Derry plus some additional land to the south for parking, etc. This transfer is granted with the reservation that in the event the First Parish Congregational Church in Derry, New Hampshire, Incorporated, its successors and assigns, ceases to exist or does not function as an active Church in its services of worship and general activities for a period of three (3) successive years, said land and easement as described above shall revert to the Town of Derry, New Hampshire. And to pass any other vote relating thereto.

What is your pleasure on this Article?

MR. HOUSTON. I move the adoption of Article 20.

MR. KIMBALL. Seconded.

THE MODERATOR. Mr. Donald Houston moves that we adopt this Article and Mr. Kimball seconds it. Any discussion?

(After discussion the following ensued:)

JUDGE GRINNELL. I would like to amend the Article so that this restriction or words similar would appear in the deed: The title to the property transferred to the Church not to be transferred to any church group outside of the Town of Derry, and as an additional restriction in here which the Church put in it, if they ceased to use it for three consecutive years, or whatever it says, that it would automatically revert to the Town. And I think that would be ample protection to a site that is an historical site and part of our Town Common up there.

MR. KIMBALL. Seconded.

MR. MacGREGOR. Move the question.

THE MODERATOR. The question is on the amendment. All those in favor say "Aye." All those opposed? The "Ayes" have it. It is a vote and I so declare and the Article is amended.

Now what action do you want to take on the article as amended?

MR. MacGREGOR. The question.

THE MODERATOR. All those in favor say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

Now, Article 21 has been disposed of, as I understand it, by vote.

ARTICLE 22: To hear the reports of agents, auditors and committees heretofore chosen, and pass any vote relating thereto.

I recognize Mr. Myette.

MR. MYETTE. The Town Study Committee by majority recommended the following four proposals necessary for good town government:

Proposal No. 1: The two fire departments, East Derry and Derry, to merge into one district under the direction of one fire chief and three fire commissioners.

Proposal No. 2: The merging of the two school districts having been resolved, no action to change was taken by the Study Committee.

Proposal No. 3: The Town to have a head administration officer responsible for proper administration of town affairs, known as Town Manager, RSA No. 37.

Proposal No. 4: The establishment of representative Town Meeting Government as set forth in the New Hampshire State Statute RSA 40, which replaces our present Town Meeting form of government.

The voters having heard the proposals, the Study Committee by majority recommends they ought to pass. And I so move, Mr. Moderator.

THE MODERATOR. All right. Do I hear a second on that motion?

MR. MacGREGOR. I second the motion.

THE MODERATOR. There was a minority report that was filed by Mr. Bienvenue. Do you want to submit your report?

MR. BIENVENUE. This is really minority, a report of one.

Minority report of the Town Study Committee:

I voted against changing the form of government recommended by the majority of the Study Committee. I feel that the present system under which the town is operating is a good one. We are still a small town in which progress has been accomplished during the past few years under the present form of government in Derry. To mention some of the progress made during those years: new public sewer system installed in '58, extension of sewer facilities to Derry Village, extension of sewer facilities to Route 28, industrial area, rebuilding of Crystal Avenue, rebuilding of East and West Broadway, resurface of Birch Street, new bridge at Derry Village, West Broadway, Highland Avenue and North High Street. New highway garage, new chlorinator, new water supply in Londonderry, new Manning Street parking lot, new industrial park, new 12 inch water main from Pinkerton Street to Klev Brothers making it possible for industry in this part of Town. An Article to adopt a Town Manager form of government was adopted at the 1960 Town Meeting. The Town at present is fully staffed with a full-time assessor, town engineer, building inspector, road agent, recreation director and supervisor of the sewer and water. There are many who know very little about our present form of government functions who are in favor of a change. I do not favor a change just for the sake of change.

The recommendation of the Majority of the Study Committee would do away with Town Meetings. I feel that 500 people or more taxpayers attending a town meeting spending their own money is far greater representation than would be afforded by 12 or 15 people who were the full authority to spend your money under the proposed form of government.

I feel that our present form of government should be retained. I might also add that under our present form of government, a Town Manager can be voted in by petition of ten members, ten voters or it can be put on ballot by petition of the Selectmen. And this is the minority report.

THE MODERATOR. You heard the reports. The motion made that we accept them. What is your pleasure? Any discussion.

MR. DiMARIA. I move that we vote on each item of the recommendation separately.

MR. GARDNER. Seconded.

THE MODERATOR. All those in favor of taking up these articles separately as filed by the Study Committee, say "Aye." Those opposed "No." The "Nos" have it. It is a vote and I so declare. What is your pleasure on the recommendations or on the motion made by Mr. Myette and seconded?

FROM THE FLOOR. The question.

THE MODERATOR. The question has been moved. All those in favor say "Aye." Those opposed "No."

Well, I am not decided. We will have to take a standing vote. All those in favor will rise.

(After discussion the following ensued:)

JUDGE GRINNELL. I move we accept the report and we give the Committee a vote of thanks for their long laborious efforts.

THE MODERATOR. All right. Any further discussion on accepting this report?

Lets try once again. All those in favor say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

MR. MYETTE. The Moderator is directed to request that the seven member town government study committee to continue in office another year for the purpose of presenting to the voters and to the State Legislature, if required, its three recommendations for the merger of the Derry and East Derry Fire Districts, the adoption of Town Manager Plan and adoption of the Representative Town Meeting Government. These three recommendations should be presented to the appropriate voters at the 1972 annual meeting in such a form and have the required hearings and public notices as will permit voters in the appropriate districts to consider formal action on these recommendations. The Moderator is authorized to make any replacements to the Study Committee caused by resignation or otherwise, and the Committee is authorized to spend, if needed, funds which might be available which were created at the 1970 Town Meeting to assist the Committee with its work.

THE MODERATOR. Do I hear a second on that?

MR. GAY. Seconded

MR. KIMBALL. Under Article 23.

THE MODERATOR. We will take this Article up because Mr. Kimball is correct. We are on Article 22. Any further business to be taken up under Article 22?

MR. KIMBALL. I move that the reports published in the Town Report be accepted.

MRS. CASTEN. Seconded.

THE MODERATOR. All those in favor will vote "Aye." Those opposed "No." The "Ayes" have it and I so declare. We are now under Article 23.

ARTICLE 23: To appoint any necessary committee on any article embraced in this warrant.

And rather than have Mr. Myette restate his motion, I have got it here before me, you know what it is. It has been made and seconded under Article 23. Any discussion? All those in favor say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

ARTICLE 24: To transact any other business that may lawfully come before this meeting.

MR. METTS. I have two things, not in the form of a motion. I would like to hear a better sound system.

(After further discussion the following ensued:)

MR. BOYCE. I would like to make a motion at this time that the Board of Selectmen be directed to invite the Governor of the State of New Hampshire, the Governor's council, the State of New Hampshire Water Supply and Pollution Control Commission and their Executive Director and his staff to a public meeting to be held in the Town of Derry, New Hampshire for the purpose of trying to finalize the problems facing Derry at this time with regards to the Derry sewer system.

MRS. CASTEN. Seconded.

THE MODERATOR. All those in favor of the motion as made will say "Aye." Those opposed "No." The "Ayes" have it. It is a vote and I so declare.

Is there any other further business to come before this meeting?

MR. ARTHUR MacGREGOR. I would like to make a resolution to read as follows: Be it resolved that the Town Meeting go on record as being opposed to any State Sales Tax and/or income Taxes; and that any future action regarding same be the subject of a special state referendum held not later than March 15, 1972.

MR. MYETTE. Seconded.

(After discussion the following ensued:)

THE MODERATOR. The question has been moved. All those in favor say "Aye." Those opposed "No." The "Ayes" have it and I think it was emphatic with the group that is here. It is a lot more than I have seen vote on an article containing thousands of dollars. And to put it flatly, I wouldn't trust that Governor no matter what he was in favor of.

Now we will entertain your motion.

MR. GAY. I move that we give a rising vote of thanks to the Budget Committee.

(Applause)

THE MODERATOR. It is exactly two o'clock.

(Whereupon at 2:00 o'clock a.m. on March 17, 1971, the Annual Town Meeting for the Town of Derry was adjourned.)

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

LEST WE FORGET — IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellarholes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947. Nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a firebrand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let

these reminders be your guide:

1. Never, either when walking, riding or driving, discard a fire-brand — a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.
4. Most important — Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year — 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned — 1971 season:

TAYLOR LIBRARY

We are happy to report that the Taylor Library has had another busy and successful year.

The State Bookmobile has visited us twice during the year. This has enabled us to offer five hundred and thirty two more books to our patrons. We have also made numerous specific requests to the State Library in behalf of our readers. This is a service that we are happy to offer to supplement our own collection.

National Library Week and Childrens Book Week were observed with displays and many new books.

We wish to express our sincere appreciation and extend our thanks to all who have helped make this year a successful one. We especially thank the Derry Garden Club for their continued care of our lovely gardens.

The Taylor Library is open Tuesdays and Thursdays from 2:00 until 8:00.

Once again, another very busy year has been completed at the Derry Public Library and the increase in our circulation proves that the townspeople are patronizing their Library.

The excellent cooperation which we continue to receive from the State Library and Service Centers is a great aid in supplementing our own collection of books. This borrowing of books from other sources is a service which we are glad to offer, and one which our patrons appreciate. We take great pride in the fact that we attempt to fill all requests made to us. . . and that we are usually successful in accomplishing this!

Several Library meetings have been held in the building and various kindergarden groups have visited once or twice for story telling by the librarian. Exhibits of various types have been shown at intervals and Book Weeks have been appropriately observed.

New lighting in the lobby and magazine shelves has added to a new look at the Library. Memorial books and baby arrival books have been donated by the Womans' Clubs, and gifts of books and bookmarks have been generously presented to us. The Derry Garden Club maintains its custom of decorating for the holiday season and cares for the shrubs and flowers at the front of the Library. For all these gestures of thoughtfulness, we are most grateful and we extend our thanks.

To the Trustees of the Derry Public Library and to my co-workers, I wish to express my thanks and appreciation for their fine cooperation; also, a thank you to the many people who, by their friendliness and kind words, have helped to make the past year a very pleasant one.

The Library hours are:

Mondays, Tuesdays, Thursdays, Fridays — 2:00 until 8:00

Wednesdays — 10:00 until 8:00

Saturdays — 2:00 until 5:00

During the summer months there are no Saturday hours.

1971 POLICE ACTIVITY REPORT

We are pleased to report finally the renovations on the physical plant of the department has been taking place. We are pleased with the results which make the working condition very much better.

Two new officers were added to the department this past year and were sent to police school. Another officer, hired to replace a man who resigned to become chief of another town's department, is scheduled to attend school in the very near future. A cruiser was added, as well as one being replaced, to bring the total up to three and new radios on the new Rockingham County Sheriff's Department network were obtained for them through the N.H. Crime Commission. There were also four shotguns purchased.

Two hundred and forty-one dollars and thirty-six cents was collected for the Jimmy Fund.

There were seven hundred and eight bicycles registered and five thousand seven hundred and ninety-two dollars taken in on parking violations.

In the area of traffic accidents we had three hundred and fifteen reported on the various highways — this does not include the many that occurred in parking lots.

Below is a breakdown of the five hundred and six cases that were processed in the Derry District Court from arrests made during the year.

Very truly yours,

Kenneth M. Bisbee
Chief

DERRY PLANNING BOARD

During the year 1971, the Planning Board continued holding bimonthly meetings, approving about 60 plans while denying six, with several plans still under investigation.

From mid-summer until late fall, the Planning Board met twice a month in addition to our bimonthly meetings to revise our land subdivision regulations. After holding two public hearings late in 1971, the Board adopted the new regulations.

Board members met with the School Board and other boards in the town concerning future growth in town. Board members also attended State Planning Meetings conducted in Exeter and other locations throughout the year.

By the time of the annual Town Meeting, Public Hearings will have been scheduled concerning petitions submitted for amendments to the zoning ordinance which will appear in the Town Warrant for a vote of the people.

REPORT OF THE BUILDING INSPECTOR

Building permits issued during the year 1971 exceeded all previous records.

Construction requirements were upgraded as of April 1971 as follows:

1. Foundations now require footings.
2. Garages in the basement of dwellings must be partitioned off from the main part of the basement with fire resistant material.
3. No fuel oil tanks are permitted in a basement garage.
4. Type "L" copper pipes is the minimum requirement for hot and cold water pipe.

In fairness to some of the builders these requirements did not effect them as they were already building according to the above building practices.

DERRY RECREATION & PARKS COMMISSION BOARD OF COMMISSIONERS

Mr. John Monty	1973
Mrs. Pauline Tomaselli	1974
Mr. Ronald Fuccillo	1972

1971 ANNUAL REPORT

Now in our eighth year as a year round department we are continuing to serve the citizens of our community with the best program and facilities our budget will allow. If compared to other communities of similar size, the Town of Derry has a lot to offer young and old during spring, summer, fall and winter. We have to rely some what upon the volunteer services of men, women and older teenagers for leadership, supervision and coaches in most of our sports programs.

James Kizer who had served the board of commissioners for many years, some as chairman, resigned and was replaced by Mrs. Camille Brisebois who has participated in town activities for summer and winter. This board meets at least once a month and is responsible for the content and quality of recreation and parks in our community. Selectmen appoint new members to the board each year.

The biggest change in our department was the addition to our staff, on a year round basis, of Mr. F. Donald Ball.

He is a two edged sword, who not only supervises children's activities on the summer playground, autumn flag football and winter basketball, but also acts as head maintenance man and his many skills both in leadership and building has made him a most valued and popular addition to our department.

Also working on a full time year round basis for the Recreation & Parks Department, we have Gerald H. Cox, director and Mrs. Diane LaPlante in charge of our office, as well as supervising activities for cheerleaders, Sr. Citizens, some dances, community fund, softball, crafts-reation and others.

As our towns' population has risen to new hights of nearly 13,000 our programs and the number of people participating has risen likewise. The greatest increases have been in the areas of hockey, tennis and street hockey. Demands by the public have also been heard about lighting at night those areas, with high use.

The problems on the town's parks have increased in like measure, due to additional usage and an increase in vandalism during the unsupervised hours mainly nights and weekends. These problems precipitated the addition of lights in areas such as MacGregor Park and Hood Park.

A town ordinance was also approved which created a curfew at all town parks and playgrounds from 11 p.m. to 7 p.m. This was done to help eliminate some of the problems both social and physical which have been occuring at these areas.

Another change took place in our program last summer, we added a new playground with summer leaders and an arts & crafts program at A-C. It started slow, but was very active by the end of the season. One of the most interesting facts about the summer participants is the increase of the técnage students in both the swimming and playground activities.

Our success on the playground may be due to the return of all

of last years' leaders, except Mrs. Theriault. On the Hood Playground we had Miss Mary Sullivan as playground leader and Mrs. Dorothy Hines as arts & crafts specialist. In the swim program Mrs. Claudia Ketchum as head of the instructional program. Súsán Putnam, Peter Brassard, Susan Roemer and Mary Putnam taught swimming and also did life guard duty for free swim periods during the afternoons and weekends. Carol Madden taught our mother & tot classes and with the help of volunteer aids she also taught a class for the handicapped children. Sandra Crocker and Melinda Nicholson taught the adult swim classes.

Every year we must thank those people who so generously allow our department into their private swimming pools for the special classes. Thank you Mr. & Mrs. Henry Barrieau, Mr. & Mrs. Ralph Skillin and Mr. and Mrs. Thomas Crocker without your cooperation many children would have been without the opportunity to learn and enjoy swimming.

Improvements in play facilities and equipment include another light at the Martha Moore Multi-purpose Area in Hood Park, as well as basketball backstops at that location. A new set of bleachers was used between Veteran's Field and Buckley Field, these are fiber-glass and portable. Two sets of bleachers were purchased for the new little league facility, Smith Field at Derry Village School, these will be installed in the spring of 72. New fences were also erected for protection of spectators as well as security with abuttors at Veterans Field and around two sides of the tennis courts at Hood Park. At A-C the out run for the slope was extended to the brook and additional parking spaces were created along the road leading into the parking lot. Game courts were also painted on the parking lot beside the ski lodge. Expansion of the space between the parking lot and the brook will continue with fill, so we plan to add lighted horseshoe courts to this facility in the near future.

Program expansion was also realized with some new things for kids to do as well as some adult groups, but all were co-ed and approximately 150 Derry citizens participated in these special groups. 1) Golf classes were taught by Mr. Lee Thurston, pro of Hoodcroft Country Club in preparation for the opening of the states newest links. 2) Summer basketball was popular with Mr. Thomas Saunders, of the Boston Celtics and Mr. Lou D'Allesandro, of the N.H. College giving a clinic and then Mr. Brad Ek supervising a night time league of basketball at Hood Park, a first for the Town of Derry. 3) Snowmobiles are also popular and were organized for the first time as a club in Derry. Mr. Howard Clark is their first president. They hold many weekly activities for those interested, when good conditions prevail. 4) A wreath making class was also conducted for a group of very interested ladies. We started with a few special instructors and finished with local talent who was perfectly capable of continuing. Mrs. Ray Davis (Julie) and Mrs. Diane LaPlante finished the season teaching this class and are already planning to start their next class in September of 72.

As usual, all is not a bed of roses. We have our problems and disappointments too. One continuing concern is still the lack of a public outdoor shooting range which has been pending since 1964. Due to the building addition at Hood we were unable to use the Hood and Grinnell gymnasiums, which seriously curtails the indoor sports programs. Expansion of the Police Department also reduced the size of the Recreation office by 60%. We now operate out of what was once the reception room with limited storage. Our present office is now less than 250 sq. ft. and we

need more space.

Future plans are ambitions, but will reflect the needs and demands of the public. The operation of the old West Side School as a Community Center to benefit everyone is our biggest hope. This center should serve a variety of organizations as well as all age groups, if approved at election time. If not, we intend to negotiate for the use of the Central Fire Station for the operation of the Recreation & Parks Commission programs.

Improvement of facilities to meet the demands of the most popular activities dictates the direction we hope to go in other areas. Adding lighting and fencing at Veterans' Field for softball one of our best attended activities. New tennis courts at Vets Field in the dead center field area, as well as public toilets for that entire sports complex. Color sealer for the present tennis courts at Hood Park and the Martha Moore Multi-purpose Area which is used for basketball, hockey and street hockey. We would also like to complete our hockey boards for this area.

In programs we plan to add something for everyone. Hockey-ice time at an area yet to be built in Manchester, perhaps a team in one of their youth hockey leagues for the girls especially, but boys will be welcome to an archery program at A-C starting sometime in the summer. Horse shoes and new pits with adequate lighting for the fat-an-forty crowd and everyone else interested as well. Another co-ed activity. This time in a high risk sport, junior marksmanship, will be offered under competent direction and supervision. They will shoot at an indoor range on English Range Road.

Here is a list of the public Recreation & Parks areas:

Summer playground program (5-15) games, arts & crafts, etc. Playground equipment-swings, slides, sand box, merry-go-round, climbers and see-saws. Derry Village School

Smith Field, Little League, woman's basketball.

I think the Town of Derry is fortunate to have many talented people in a variety of fields of interest, without them our entire Recreation & Parks program would not enjoy the success it presently does. Also a big part of our ability to provide so much for the citizens of this community, is the budget. In 1971 we spent \$39,705.07 of tax funds. From the trustees of trust funds we spent \$1,339.41 at MacGregor Pioneer Park. The trust funds as well as income from user fees, donations and concessions provided us with \$13,856.03 which was spent at Alexander-Carr Playground.

This amounts to a grand total of \$54,900.51.

Speculating the present census to be approximately 13,000 men, women and children, this means the per capita cost, or average amount spent for each individual was \$4.22 (.17 less than last year).

We were also able to save some money by utilizing several young people in our maintenance and playground program from the Neighborhood Youth Corps program where the U.S. Department of Labor paid their wages. Participating in this program were; Danny Julian, Bobby Hills, John Corvo, Bruce Beckford, Ron Kezer, Dolores Menento, Nelan Curtis and Shirley Oikle.

This year we hope to add some work-study college age leaders to our summer program in both maintenance and activities. Last summer the ball fields were maintained by three local high school boys, David Cino, Chuck Johns and Bill Yelland. Also the leaders at the new A-C Playground were new to our family, Bill Rider and Ann Evans.

The Derry Recreation & Parks Commission is a group of 5 citizens who meet monthly. They try to provide activities for as many citizens as they can in the Town of Derry. Their meetings are open to the public and everyone is invited to attend the first Wednesday of the month at 8 p.m. in the Recreation office. We welcome any constructive criticism and will try something new if demands warrant it.

Our regular scheduled activities may usually be found in any of the local papers, or our office is open 9 a.m. — 12 noon and 1 p.m. — 4 p.m., Monday through Friday ready to answer any questions you may have about programs, personal, or facilities.

Cooperation with other town departments hit an all time high in 1971 in my estimation. Due to this we should be able to, at least, keep an even keel on ever increasing demands on facilities and equipment. The Highway and Water Departments have been especially helpful and we appreciate it. With continued cooperation we shall be able to offer a quality program of activities and well maintained facilities for these programs to every citizen in our town.

The Derry Recreation & Parks Commission hopes you will participate in some of our offerings regardless of age or sex, if we don't have what you enjoy, let us know and perhaps we can do something about it.

Gerald H. Cox, Director

CIVIL DEFENSE ACTIVITIES FOR 1972

Activities held this year at the EOC were two seminars for N.H. school teachers held by the State Department of Education.

There was a simulated emergency conducted in the field including auxiliary personnel and hospital personnel and town departments.

Several meetings at the EOC drawing up the town of Derry Emergency Operations Plans with assistance from the University of N.H. This plan was drawn up, approved by the selectmen, and delivered to all town departments and interested persons with the request that they draw up their own emergency plans to be included in the Derry Master Emergency Operations Plan.

The ventilating system was completed allowing us to update the number of personnel allowed in the Emergency Operations Center during emergency operations.

The radio communications in EOC have been updated with the addition of two meter radio equipment.

Several other tests, seminars, and drills were conducted at the EOC, involving 1089 manhours.
